TRINITY

Quality Care Services

TRANSITION

Trinity Quality Care Services was recently founded after restructuring the services of Nursability VBA.

Our founder (Kimberly Hoo) realized that the company has expanded in services and is offering services in different departments, such as:

- (Basic) Mobile Nurse Services
- Specialized Care
- Transitional Care Services

Because of the 3 care departments of the company, Kimberly decided to name the company:

“Trinity Quality Care Services”

The name “Trinity” has different meanings which are:

- Trinity signifies the number 3 which stands for the 3 service departments that Trinity will be providing
- Trinity means perfection and completion. This is also what we are aiming for in our services. Our customers can expect high quality care when making use of our services.
- Trinity has a spiritual meaning as well to the founder’s belief and faith.

MISSION

To provide High Quality Care services adapted to our customers needs!

Trying to make their life as easy as possible when dealing with:

- Chronic or acute illness
- Needing care during vacation and/or holidays
- Needing care at home (Basic as well as specialized)
- Elderly care
- Post operation/hospitalization care
- Last phase of life (terminal care)

WHAT TO EXPECT?

- High quality care service adjusted to our clients needs
- 24/7 Standby service
- Flexible and adjustable care schedules
- Every month newsletter with the latest news of Trinity
- Webinars
- Health consultancy
- Weekly informational video's on our social media page
- Health assessments
- Consult with other care professionals who are involved in our clients care plan. (example: physical therapist, specialists, medical doctors etc)
